HEYLEN THIENES

interior designer

ABOUT

Heylen brings her **creative expertise and pragmatic approach** to every environment keeping in mind her client's spatial, design and financial goals, while at the same time ensuring that her **designs endure the test of time through quality and style.**

Her second passion is **traveling and through this exploration of other cultures**, along with the places she has called home (London, Paris, Bogota, and the Pacific Northwest) that have **influenced her appreciation for design, history and architecture**; and it's her love for blending the contemporary and vintage, the juxtaposition of sculptural forms and surfaces, that inform her distinctive style.

HOME STAGING

room for a growing family

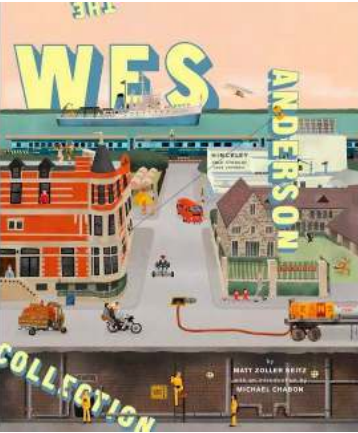

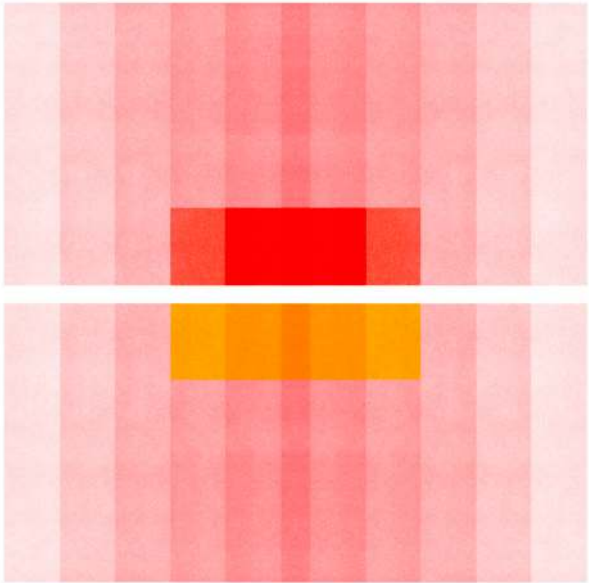

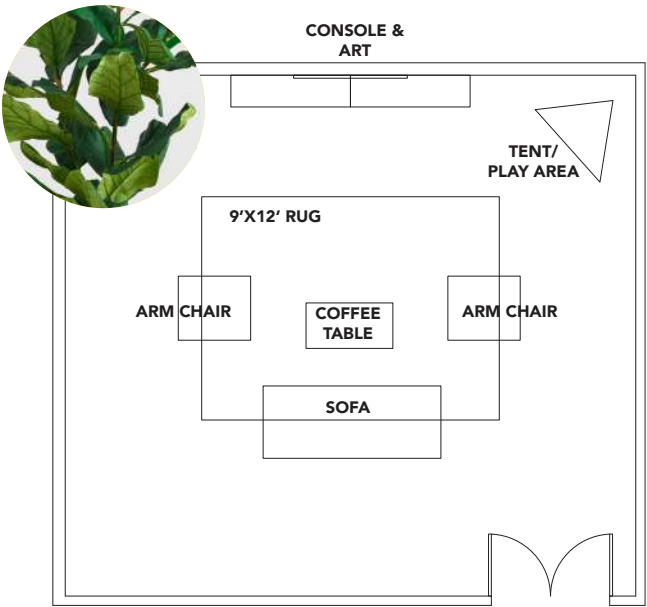

CLIENT PROFILE

This home in NW Portland is in a neighborhood with family friendly parks and excellent schools. With this in mind it needs to be staged to appeal to young, growing families.

The spare bedrooms in the home are currently set up as an office, workout room, and sitting room, and the bonus room is acting as a storage space. With this staging, the goal was to redefine these rooms to appeal to the target demographic.

STAGING

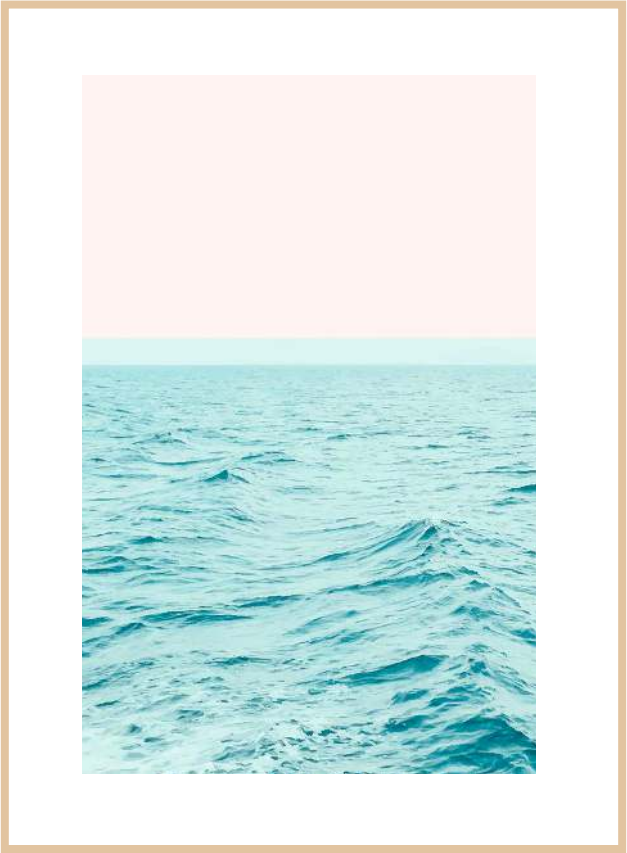

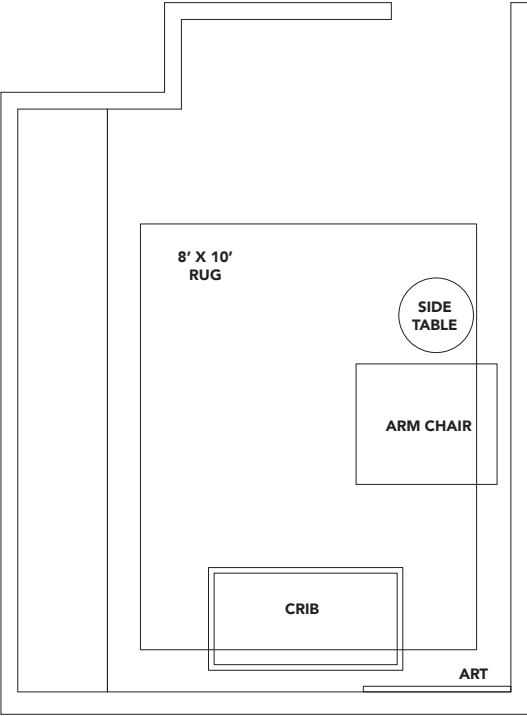

Bonus room staged as a TV & Game room using vibrant colors that would appeal the target demographic
