### F.A.Q's

**Q:** Do you accept FASFA?

**A:** Unfortunately, our school does not participate in the FAFSA program, so federal financial aid is not available for our students. Students sometimes use 529 funds, private loans, scholarships, or employer tuition reimbursement.

**Q:** Are there any additional fees during payments?

**A:** If payments are made using a debit card, cash, or ACH no additional fees will be added. If payments are made using a credit card, a 3% fee will be added to each payment made using the credit card.

If you need additional options please reach out to the Executive Director at
